Student Ministry Communication Consent Form

Communication is an integral part of relational ministry, and we aim to do so in the most efficient and helpful manner. The Archdiocese of Boston requires parents to be copied on all email communication with minors and written parental permission for any other form of electronic communication. By signing this form, you are providing consent for your child to communicate with staff of The Christ Initiative directly. Any form of electronic communication will be monitored by at least two parish staff members.

Please check the boxes of each communication platform you consent to your child engaging in:

- Email Social Media (Facebook, Instagram, Twitter) Text Message
- Group Messaging (GroupMe, Remind101) Phone Call Parent(s) Only

Please provide any of your and your child's contact information below that you would like staff at The Christ Initiative to have. Please note that per diocesan guidelines, students are not allowed to share their contact information directly with parish staff. We highly recommend that regardless of your child's contact information, that you provide your own, so we can keep you up to date on events within student ministry.

Student Ministry Photo/Video Release Form

The Christ Initiative uses various digital mediums to provide outreach to our community to share information regarding upcoming events, current ministries, and to spread God's word. By signing this form, I consent to allowing The Christ Initiative to use photos and videos of myself/my child at church-sponsored events for promotional material and social media posts through The Christ Initiative's accounts. I acknowledge that per diocesan regulations, no minors will be tagged in any posts, and in order for a minor to interact with The Christ Initiative on social media they must have a complete Communication Consent Form on file.
